

North Hanover Township School District

Plan for Chapter 27 Emergency Virtual or Remote Instruction Program

Date: October 8, 2021

Date of Board Approval: November 9, 2021

Technology: The plan outlines how virtual or remote instruction will be provided to students who may not have access to sufficient broadband, or to any technology required for virtual or remote instruction. The program should account for measuring and addressing any ongoing digital divide that exists, whether it be network access or lack of sufficient access to devices.

All students in grades K-6 will be issued a Chromebook. Pre-K students will be issued tablets upon closure. Students without broadband access will be issued hotspots. Principals and counselors will work with families to determine needs.

Food Services: The plan addresses the impact of virtual or remote instruction on the school lunch and school breakfast programs. The plan should contain how the LEA will provide continued safe delivery of meals to eligible students.

Families may pick up meals for students (three to five meals at one time) for those days they are receiving remote instruction. The pick up location is as follows:

Upper Elementary School: Front Entrance

Endeavour School: Rear entrance

CB Lamb School: Bus Entrance

Meals may be picked up between the hours of 10:00 AM and noon. Parents with students in multiple schools may pick up all meals at one school.

Length of Instructional Day: The plan contains the required length of a virtual or remote instruction day. The minimum hours of instruction for a virtual or remote day is four hours excluding lunch and recess.

School Staff hours: 8:00 am-3:00 pm

Student Instruction Hours 8:45-12:45 whole class instruction; 12:45-1:30 lunch/recess; 1:30-3:00 small group instruction
